EXECUTIVE SUMMARY
AUDIT EXAMINATION OF THE
MCCREARY COUNTY FISCAL COURT

June 30, 2006

Ross & Company, PLLC has completed the audit of the McCreary County Fiscal Court for fiscal year ended June 30, 2006.

We have issued unqualified opinions on the governmental activities, business-type activities, each major fund, and aggregate remaining fund information of McCreary County, Kentucky. In accordance with OMB Circular A-133 we have issued an unqualified opinion on compliance for the federal programs.

The financial statements of the McCreary County Industrial Development Authority, a discretely presented component unit, have not been included in the financial statements. As a result, we have issued an adverse opinion on the aggregate discretely presented component units.

Financial Condition:

The fiscal court had net assets of \$5,887,446 in governmental activities as of June 30, 2006. The fiscal court had unrestricted net assets of \$2,404,539 in its governmental activities as of June 30, 2006. The fiscal court's discretely presented component units had net assets of \$1,703,784 as of June 30, 2006. The discretely presented component units had net cash and cash equivalents of \$166,088. The business-type activities had net cash and cash equivalents of \$4,196. The fiscal court had total debt principal as of June 30, 2006 of \$5,583,197 with \$328,474 due within the next year. The discretely presented component units had total debt principal as of June 30, 2006 of \$295,102 with \$18,168 due within the next year.

To the People of Kentucky
Honorable Steven L. Beshear, Governor
Jonathan Miller, Secretary
Finance and Administration Cabinet
Honorable Blaine Phillips, McCreary County Judge/Executive
Members of the McCreary County Fiscal Court

Independent Auditor's Report

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented components units, each major fund, and the aggregate remaining fund information of McCreary County, Kentucky, as of and for the year ended June 30, 2006, which collectively comprise the County's basic financial statements, as listed in the table of contents. These financial statements are the responsibility of the McCreary County Fiscal Court. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, and the Audit Guide for Fiscal Court Audits issued by the Auditor of Public Accounts, Commonwealth of Kentucky. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

As described in Note 1, McCreary County, Kentucky, prepares its financial statements on a prescribed basis of accounting that demonstrates compliance with the modified cash basis, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

The financial statements of McCreary County Kentucky do not include financial data of the McCreary County Industrial Development Authority. This entity meets the criteria to be reported as a discretely presented component unit of McCreary County, Kentucky, in accordance with accounting principles generally accepted in the United States of America.

In our opinion, because of the omission of financial data for the McCreary County Industrial Development Authority, the financial statements referred to above do not present fairly, in all material respects, the financial position of the aggregate discretely presented component units of McCreary County, Kentucky, as of June 30, 2006 and the changes in financial position thereof for the year then ended in conformity with the basis of accounting described in Note 1.

To the People of Kentucky
 Honorable Steven L. Beshear, Governor
 Jonathan Miller, Secretary
 Finance and Administration Cabinet
 Honorable Blaine Phillips, McCreary County Judge/Executive
 Members of the McCreary County Fiscal Court

Additionally, in our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of McCreary County, Kentucky, as of June 30, 2006, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with the basis of accounting described in Note 1.

The county has not presented the management's discussion and analysis that the Governmental Accounting Standards Board (GASB) has determined is necessary to supplement, although not required to be part of, the basic financial statements. The budgetary comparison information is not a required part of the basic financial statements but is supplementary information required by GASB. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise McCreary County, Kentucky's basic financial statements. The accompanying supplementary information listed in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments and Non-Profit Organizations, and is not a required part of the basic financial statements. The supplementary information and the schedule of expenditures of federal awards have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation of the basic financial statements taken as a whole.

In accordance with Government Auditing Standards, we have also issued our report dated June 13, 2008 on our consideration of McCreary County, Kentucky's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

Based on the results of our audit, we present the schedule of findings and questioned costs, included herein, which discusses the following report comments:

GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES - MODIFIED CASH BASIS

For The Year Ended June 30, 2006

Net Change in Fund Balances - Total Governmental Funds	\$	687,067
--	----	---------

Amounts reported for governmental activities in the Statement of Activities are different because Governmental Funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets are allocated over their estimated useful lives and reported as depreciation expense.

Capital Outlay		769,083
Depreciation Expense		(316,735)
Accounts Receivable Principal Received		(80,493)
Notes Receivable Principal Loaned		211,635

The issuance of long-term debt (e.g. bonds, financing obligations) provides current financial resources to governmental funds, while repayment of principal on long-term debt consumes the current financial resources of Governmental Funds. These transactions, however, have no effect on net assets.

MCCREARY COUNTY
NOTES TO FINANCIAL STATEMENTS

June 30, 2006

Note 1. Summary of Significant Accounting Policies

A. Basis of Presentation

The county presents its government-wide and fund financial statements in accordance with a modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Under this basis of accounting, assets, liabilities, and related revenues and expenditures are recorded when they result from cash transactions, with a few exceptions. This modified cash basis recognizes revenues when received and expenditures when paid. Notes receivable are recognized on the Statement of Net Assets, but notes receivable are not included and recognized on the Balance Sheet - Governmental Funds. Property tax receivables, accounts payable, compensated absences, and donated assets are not reflected in the financial statements.

Encumbrances lapse at year-end and are not reflected on the Statement of Net Assets and Statement of Activities; however encumbrances are reflected on the Balance Sheet - Governmental Funds as part of the fund balance (Reserved for Encumbrances).

The State Local Finance Officer does not require the county to report capital assets and infrastructure; however the value of these assets is included in the Statement of Net Assets and the corresponding depreciation expense is included on the Statement of Activities.

B. Reporting Entity

The financial statements of McCreary County include the funds, agencies, boards, and entities for which the fiscal court is financially accountable. Financial accountability, as defined by Section 2100 of the Governmental Accounting Standards Board (GASB) Codification of Governmental Accounting and Financial Reporting Standards, as amended by GASB 14 and GASB 39, was determined on the basis of the government's ability to significantly influence operations, select the governing authority, participate in fiscal management and the scope of public service. Consequently, the reporting entity includes organizations that are legally separate from the primary government. Legally separate organizations are reported as component units if either the county is financially accountable or the organization's exclusion would cause the county's financial statements to be misleading or incomplete. Component units may be blended or discretely presented. Blended component units either provide their services exclusively or almost entirely to the primary government, or their governing bodies are substantively the same as the primary government. All other component units are discretely presented.

There is not an incorporated city within McCreary County; therefore, the below entities cannot be included within another local government audit within McCreary County. Based upon criteria stated in GASB, the following legally separate entities are considered part of the reporting entity of the McCreary County Fiscal Court:

- A. McCreary County Courthouse and Public Square Corporation
- B. McCreary County Solid Waste Management Board
- C. McCreary County Tourism Commission
- D. McCreary County Airport Board
- E. Sandhill Conservation Camp
- F. Stearns Historical Area Development Authority
- G. McCreary County Industrial Development Authority

NOTES TO FINANCIAL STATEMENTS
June 30, 2006
(Continued)

Note 1. Summary of Significant Accounting Policies (Continued)

B. Reporting Entity (Continued)

Blended Component Unit

The following legally separate organization provides services exclusively to the primary government, and the fiscal court is able to impose its will on this organization. The organization's balances and transactions are reported as though they are part of the county's primary government using the blending method.

McCreary County Courthouse and Public Square Corporation

The McCreary County Courthouse and Public Square Corporation (the Corporation) is a legally separate entity established to provide long-term debt service for the fiscal court. The Corporation's governing body consists entirely of fiscal court members. Therefore, management must include the Corporation as a component unit, and the Corporation's financial activity is blended with that of the fiscal court.

Discretely Presented Component Units

The component units' columns in the combined financial statements include the data of the following organizations. They are reported on the Statement of Net Assets and the Statement of Activities in a separate column that is labeled as "Component Units" to emphasize these organizations' separateness from the fiscal court's primary government.

McCreary County Solid Waste Management Board

The McCreary County Solid Waste Management Board was established by the McCreary County Fiscal Court to administer solid waste activities within the county. The activities consist of collecting a franchise fees tax, which was adopted by the McCreary County Fiscal Court, and using the proceeds to work toward cleaning up and preventing solid waste within the county. The county provides additional funding to the Solid Waste Management Board, as needed to carry out the board's objectives. Therefore, management must include the board as a component unit, and the board's financial activity will be discretely presented with that of the fiscal court.

McCreary County Tourism Commission

The McCreary County Tourism Commission was established by the McCreary County Fiscal Court for the purpose of promoting recreational, tourism, and convention activities within the county. In order to finance the operations and maintenance of the McCreary County Tourism Commission, the McCreary County Fiscal Court levied a transient room tax of three (3%) and charged the Commission with the duty of collecting the tax. Therefore, management must include the Commission as a component unit, and the Commission's financial activity will be discretely presented with that of the Fiscal Court.

(Continued)

Note 1. Summary of Significant Accounting Policies (Continued)

B. Reporting Entity (Continued)

Discretely Presented Component Units (Continued)

McCreary County Airport Board

The McCreary County Fiscal Court established the McCreary County Airport Board. The board is responsible for the building, expansion, and maintenance of an airport within the county. The fiscal court's objective is that having an airport within the county will promote industrial development to the county. Therefore, management must include the board as a component unit, and the board's financial activity will be discretely presented with that of the Fiscal Court.

Sandhill Conservation Camp

The McCreary County Fiscal Court owns the Sandhill Conservation Camp. The Sandhill Conservation Camp Board, appointed by the county judge, is charged with operating and maintaining the camp facility in the best interest of McCreary County. Therefore, management must include the board as a component unit, and the board's financial activity will be discretely presented with that of the fiscal court. In March 2006, all financial activities of the Sandhill Conservation Camp Board was subsequently included in the County's General Fund and the Sandhill Conservation Camp Board became only an advisory board.

Stearns Historical Area Development Authority

The McCreary County Fiscal Court established the Stearns Historical Area Development Authority (SHADA). It was created by the fiscal court to account for receipts and expenditures relating to the project to restore and revitalize historical buildings in Stearns, Kentucky. The Stearns Community is a former coal-mining town, which is a tourist attraction for McCreary County. The property in Stearns is leased out to and is operated by the McCreary County Heritage Foundation, which is a not-for-profit organization that is legally separate from the McCreary County Fiscal Court. Therefore, management must include SHADA as a component unit, and the authority's financial activity will be discretely presented with that of the fiscal court. The McCreary County Heritage Foundation will not be presented as part of the fiscal court's reporting package, since it is independent of the fiscal court.

McCreary County Industrial Development Authority

The McCreary County Fiscal Court established the McCreary County Industrial Development Authority (Authority) solely for the purpose of acquiring and improving interest in real estate and other facilities and properties for the ultimate benefit of the county. The Authority consists of six members, which are appointed by the County Judge/Executive and approved by the Fiscal Court. The Authority's functions include the recruitment and retention of industry and promotion of economic and industrial development within the County. Therefore, management must include the Authority as a component unit and the Authority's financial activities should have been discretely presented with that of the fiscal court. The Authority's financial statements, however, were not furnished to us and have not been included.

C. McCreary County Elected Officials

Kentucky law provides for election of the officials below from the geographic area constituting McCreary County. Pursuant to state statute, these officials perform various services for the Commonwealth of Kentucky, its judicial courts, the fiscal court, various cities and special districts within the county, and the board of education. In exercising these responsibilities, however, they are required to comply with state laws. Audits of their financial statements are issued separately and individually and can be obtained from their respective administrative offices. These financial statements are not required to be included in the financial statements of McCreary County, Kentucky.

- Circuit Court Clerk
- County Attorney
- Property Valuation Administrator
- County Clerk
- County Sheriff

D. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net assets and the statement of activities) report information on all of the non-fiduciary activities of the primary government and its non-fiduciary component units. For the most part, the effect of interfund activities has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on sales, fees, and charges for support. Business-type revenues come mostly from fees charged to external parties for goods or services. Fiduciary funds are not included in these financial statements due to the unavailability of fiduciary funds to aid in the support of government programs.

The statement of net assets presents the reporting entity's non-fiduciary assets and liabilities, the difference between the two being reported as net assets. Net assets are reported in three categories: 1) invested in capital assets, net of related debt - consisting of capital assets, net of accumulated depreciation and reduced by outstanding balances for debt related to the acquisition, construction, or improvement of those assets; 2) restricted net assets - resulting from constraints placed on net assets by creditors, grantors, contributors, and other external parties, including those constraints imposed by law through constitutional provisions or enabling legislation; and 3) unrestricted net assets - those assets that do not meet the definition of restricted net assets or invested in capital assets.

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function; 2) operating grants and contributions; and 3) capital grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Internally dedicated resources such as taxes and unrestricted state funds are reported as general revenues.

Generally and except as otherwise provided by law, property taxes are assessed as of January 1, levied (mailed) November 1, due at discount November 30, due at face value December 31, delinquent January 1 following the assessment, and subject to lien and sale the 3rd Saturday in April following the delinquency date.

Note 1. Summary of Significant Accounting Policies (Continued)

D. Government-wide and Fund Financial Statements (Continued)

Funds are characterized as either major or non-major. Major funds are those whose assets, liabilities, revenues, or expenditures/expenses are at least ten percent of the corresponding total (assets, liabilities, etc.) for all funds or type (governmental or proprietary) and whose total assets, liabilities, revenues, or expenditures/expenses are at least five percent of the corresponding total for all governmental and enterprise funds combined. The fiscal court may also designate any fund as major.

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds and major enterprise funds are reported as separate columns in the financial statements.

Governmental Funds

The primary government reports the following major governmental funds:

General Fund - This is the primary operating fund of the fiscal court. It accounts for all financial resources of the general government, except where the Department for Local Government (DLG) requires a separate fund or where management requires that a separate fund be used for some function.

Road Fund - This fund is for road and bridge construction and repair. The primary source of revenue for this fund is state payments for truck license distribution, municipal road aid, and transportation grants. DLG requires the fiscal court to maintain these receipts and expenditures separately from the General Fund.

Jail Fund - The primary purpose of this fund is to account for the jail expenses of the county. The primary sources of revenue for this fund are reimbursements from the state and federal government, payments from other counties for housing prisoners, and transfers from the General Fund. DLG requires the fiscal court to maintain these receipts and expenditures separately from the General Fund.

Local Government Economic Assistance (LGEA) Fund - The primary source of this fund is coal and severance tax grants from the state. These funds are to be spent on priority expenditure categories as specified by statute. DLG requires the fiscal court to maintain these receipts and expenditures separately from the General Fund.

Rural Business Enterprise Grant (RBEG) – Revolving Loan Fund - This fund is used to account for receipts and expenditures relating to a federal grant for rural business enterprise.

Occupational Tax Fund - The primary purpose of this fund is to account for the collection of occupational tax. The primary source of revenue for this fund is occupational employment tax and net profit tax.

McCreary County Courthouse and Public Square Corporation - This fund is a legally separate entity established to provide long-term debt service for the Fiscal Court. The Corporation's governing body consists entirely of Fiscal Court members. This is an unbudgeted fund of the county.

Note 1. Summary of Significant Accounting Policies (Continued)

D. Government-wide and Fund Financial Statements (Continued)

The primary government also has the following non-major funds: McCreary Heritage Community Center- Community Development Block Grant Fund, Local Government Economic Development Fund, Emergency 911 Dispatch Fund, Prison Sewer Project - Phase II Fund, Enterprise Community Grant Fund, SMART Works Fund, Disaster Assistance Fund, ISTEAFund, and the Kentucky Association of Counties Leasing Trust Acquisition (KACoLT) 911 Equipment Fund.

Special Revenue Funds:

The Road Fund, Jail Fund, Local Government Economic Assistance Fund, ISTEAFund, Rural Business Enterprise Grant - Revolving Loan Fund (RBEG-RLF Fund), Occupational Tax Fund, McCreary Heritage Community Center- Community Development Block Grant Fund, Emergency 911 Dispatch Fund, Prison Sewer Project - Phase II Fund, Local Government Economic Development Fund, SMART Works Fund, Disaster Assistance Fund, Enterprise Community Grant Fund, and the Kentucky Association of Counties Leasing Trust Acquisition (KACoLT) 911 Equipment Fund are presented as special revenue funds. Special revenue funds are to account for the proceeds of specific revenue sources and expenditures that are legally restricted for specific purposes.

Debt Service Fund:

The McCreary County Courthouse and Public Square Corporation Fund is presented as a debt service fund. Debt service funds are to account for the accumulation of resources for, and the payment of general long-term debt principal and interest.

Proprietary Funds

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with proprietary funds' principal ongoing operations. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses. The principal operating revenues of the county's enterprise funds are charges to customers for sales in the Jail Canteen Fund. Operating expenses for the enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets.

The government has elected not to adopt Financial Accounting Standards Board (FASB) Statements or Interpretations issued after November 30, 1989, unless the Governmental Accounting Standards Board (GASB) specifically adopts such FASB Statements or Interpretations.

The primary government reports the following major proprietary fund:

Jail Canteen Fund - The canteen operations are authorized pursuant to KRS 441.135(1), which allows the jailer to sell snacks, sodas, and other items to inmates. The profits generated from the sale of those items are to be used for the benefit or recreation of the inmates. KRS 441.135(2) requires the jailer to maintain accounting records and report annually to the county treasurer the receipts and disbursements of the Jail Canteen Fund.

Presentation of Component Units And Significant Transactions

The financial statements present the following major discretely presented component units: McCreary County Solid Waste Management Board, McCreary County Tourism Commission, McCreary County Airport Board, Sandhill Conservation Camp Board, and the Stearns Historical Area Development Authority. The McCreary County Industrial Development Authority is not presented in the current year.

McCreary County Solid Waste Management Board accounts for the activities relating to the collection of solid waste within the County.

McCreary County Tourism Commission accounts for the activities related to the promotion of tourism within the County. McCreary County Fiscal Court's significant transactions with the Tourism Commission for fiscal year ended June 30, 2006 are \$23,465 for transient room tax collections.

McCreary County Airport Board accounts for the activities relating to the County airport. McCreary County Fiscal Court's significant transaction with the Airport Board for fiscal year ended June 30, 2006 is \$26,784 for Enterprise Community Grant benchmark activities.

Sandhill Conservation Camp Board accounts for the activities relating to the operation of the Sandhill Conservation Camp facilities, as of June 30, 2006 the Sandhill Conservation Camp Board was dissolved and has become part of the primary government.

Stearns Historical Area Development Authority accounts for activities relating to the projects to restore and revitalize the buildings in Stearns, Kentucky.

The McCreary County Industrial Development Authority accounts for activities relating to the recruitment and retention of industry and promotion of economic and industrial development within the County. McCreary County Fiscal Court's significant transactions with the Authority for fiscal year ended June 30, 2006 are a contribution of \$153,023 from the Smart Works Fund and a subsequent payment of \$153,687 from the county's occupational tax fund.

These component units, with the exception of the McCreary County Industrial Development Authority, are presented in separate a column in the government-wide financial statements that is labeled as "Component Units" to emphasize these organizations' separateness from the fiscal court's primary government.

E. Deposits and Investments

The government's cash and cash equivalents are considered to be cash on hand, demand deposits, certificates of deposit, and short-term investments with original maturities of three months or less from the date of acquisition.

Note 1. Summary of Significant Accounting Policies (Continued)

E. Deposits and Investments (Continued)

KRS 66.480 authorizes the county to invest in the following, including but not limited to, obligations of the United States and of its agencies and instrumentalities, obligations and contracts for future delivery or purchase of obligations backed by the full faith and credit of the United States, obligations of any corporation of the United States government, bonds or certificates of indebtedness of this state, and certificates of deposit issued by or other interest-bearing accounts of any bank or savings and loan institution which are insured by the Federal Deposit Insurance Corporation (FDIC) or which are collateralized, to the extent uninsured, by any obligation permitted by KRS 41.240(4).

F. Capital Assets

Capital assets, which include land, land improvements, buildings, furniture and office equipment, building improvements, machinery, equipment, and infrastructure assets (roads and bridges) that have a useful life of more than one reporting period based on the government's capitalization policy, are reported in the applicable governmental or business-type activities of the government-wide financial statements. Such assets are recorded at historical cost or estimated historical cost when purchased or constructed.

Cost of normal maintenance and repairs that do not add to the value of the asset or materially extend the asset's life are not capitalized. Land and Construction In Progress are not depreciated. Interest incurred during construction is not capitalized. Capital assets and infrastructure are depreciated using the straight-line method of depreciation over the estimated useful life of the asset.

	Capitalization Threshold	Useful Life (Years)
Land Improvements	\$ 5,000	10-60
Buildings	\$ 5,000	10-75
Building Improvements	\$ 5,000	20-25
Machinery and Equipment	\$ 5,000	3-25
Infrastructure	\$ 5,000	10-50
Intangible	\$ 5,000	2-40

G. Long-term Obligations

In the government-wide financial statements, long term debt and other long-term obligations are reported as liabilities in the applicable financial statements. The principal amount of bonds, notes and financing obligations are reported.

In the fund financial statements, governmental funds recognize bond interest, as well as bond issuance costs when received or when paid, during the current period. The principal amount of the debt and interest are reported as expenditures. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as expenditures. Debt proceeds are reported as other financing sources.

Note 1. Summary of Significant Accounting Policies (Continued)

H. Fund Equity

In the fund financial statements, the difference between the assets and liabilities of governmental funds is reported as fund balance. Fund balance is divided into reserved and unreserved components, with unreserved considered available for new spending. Unreserved fund balances may be divided into designated and undesignated portions. Designations represent fiscal court's intended use of the resources and should reflect actual plans approved by the fiscal court.

Governmental funds report reservations of fund balance for amounts that are legally restricted by outside parties for use for a specific purpose, long-term receivables, and encumbrances.

"Reserved for Encumbrances" are purchase orders that will be fulfilled in a subsequent fiscal period. Although the purchase order or contract creates a legal commitment, the fiscal court incurs no liability until performance has occurred on the part of the party with whom the fiscal court has entered into the arrangement. When a government intends to honor outstanding commitments in subsequent periods, such amounts are encumbered. Encumbrances lapse at year-end and are not reflected on the Statement of Net Assets and Statement of Activities; however, encumbrances are reflected on the Balance Sheet - Governmental Funds as part of the fund balance.

I. Budgetary Information

Annual budgets are adopted on a cash basis of accounting and according to the laws of Kentucky as required by the State Local Finance Officer.

The County Judge/Executive is required to submit estimated receipts and proposed expenditures to the fiscal court by May 1 of each year. The budget is prepared by fund, function, and activity and is required to be adopted by the fiscal court by July 1.

The fiscal court may change the original budget by transferring appropriations at the activity level; however, the fiscal court may not increase the total budget without approval by the State Local Finance Officer. Expenditures may not exceed budgeted appropriations at the activity level.

A formal budget was not adopted for the McCreary County Courthouse Public Square Corporation Fund, a blended component unit. The corporation issued bonds for the addition of the judicial building, which AOC has occupied, onto the existing courthouse. The fiscal court has assumed responsibility for this debt; however, the Administrative Office of the Courts has entered into a leasing agreement with the county agreeing to pay all of the bond payments directly to the bondholders, on behalf of the fiscal court. Therefore, the county did not budget any bond payments to be made from the county's funds.

A formal budget was not adopted for the Kentucky Association of Counties Leasing Trust Acquisition 911 Equipment Fund, a blended component unit. This county-owned account was established by a third party administrator to account for the lease purchase proceeds for 911 equipment obtained by the county. DLG does not require the fiscal court to report or budget these funds.

Formal budgets were not adopted for the Solid Waste Management Board, the Tourism Commission, the McCreary County Airport Board, the Sandhill Conservation Camp, the Stearns Historical Area Development Authority, and the McCreary County Industrial Development Authority because these entities are component units of the fiscal court and the financial activity is not required to be included in the budget or financial statements of the primary government. The fiscal court established these entities as component units, which are operated independently of the McCreary County Fiscal Court. These entities are included as discretely presented component units on the county's financial statements.

Note 2. Deposits and Investments

A. Deposits

The primary government and component units maintained deposits of public funds with depository institutions insured by the Federal Deposit Insurance Corporation (FDIC). According to KRS 66.480(1)(d) and KRS 41.240(4), the depository institution should pledge or provide sufficient collateral which, together with FDIC insurance, equals or exceeds the amount of public funds on deposit at all times. In order to be valid against the FDIC in the event of failure or insolvency of the depository institution, this pledge or provision of collateral should be evidenced by an agreement between the county and the depository institution, signed by both parties, that is (a) in writing, (b) approved by the board of directors of the depository institution or its loan committee, which approval must be reflected in the minutes of the board or committee, and (c) an official record of the depository institution.

Custodial Credit Risk - Deposits

Custodial credit risk is the risk that in the event of a depository institution failure, the government's deposits may not be returned. The County does not have a deposit policy for custodial credit risk but rather follows the requirements of KRS 41.240(4). During the fiscal year deposits were covered by FDIC insurance or a properly executed collateral security agreement. However, as of August 31, 2005 and June 30, 2006, public funds were exposed to custodial credit risk because the bank did not adequately collateralize the County's deposits in accordance with the security agreement as follows:

- Uncollateralized and Unsecured August 15, 2005 - \$38,615, and June 30, 2006 - \$245,029

B. Investments

As of June 30, 2006, the county had the following investments:

<u>Investments</u>	<u>Cost</u>	<u>Interest Rate</u>	<u>Maturity Date</u>
Primary Government:			
Guaranteed Investment			
Contract (GIC)	<u>\$ 424,830</u>	5.43%	09/01/20

A guaranteed investment contract (GIC) is a group annuity contract designed to provide guarantees of principal and interest on funds deposited with an insurance company for a specified period of time. GICs are generally not evidenced by securities that exist physically and are not classified into credit risk categories.

Interest Rate Risk. The County does not have a formal investment policy that limits its investment maturities as a means of managing its exposure to losses arising from changes in interest rates.

B. Investments (Continued)

Credit Risk. KRS 66.480 limits the County's investments in the following:

- Obligations of the United States and of its agencies and instrumentalities, including obligations subject to repurchase agreements, obligations and contracts for future delivery or purchase of obligations backed by the United States or its agencies and obligations of any corporation of the United States Government.
- Certificates of Deposit issued by or other interest-bearing accounts of any bank or savings and loan institution insured by the Federal Deposit Insurance Corporation or similar entity.
- Uncollateralized certificates of deposit issued by any bank or savings and loan institution rated in one of the three highest categories by a nationally recognized rating agency.
- Bankers' acceptances for bank's rate in one of the three highest categories by a nationally recognized rating agency.
- Commercial paper rated in the highest category by a nationally recognized agency.
- Bonds or certificates of indebtedness of this state and of its agencies and instrumentalities.
- Securities issued by a state or local government, or any instrumentality of agency thereof, in the United States and rated in one of the three highest categories by a nationally recognized rating agency.
- Shares of mutual funds meeting specific characteristics outlined in the statute shall be eligible investments.

Also, the County is limited to investing no more than 20% in any one of four specifically mentioned investments as allowed by KRS 66.480. The County had no investment policy that would further limit its investment choices.

Note 3. Operating Leases

The fiscal court entered into various lease agreements for copiers, mailing scales, and telephone equipment. The total expense related to these leases was \$10,026 for fiscal year ended June 30, 2006. The future minimum lease payments for these leases are as follows:

Fiscal Year Ending June 30	Amount
2007	\$ 4,652
2008	4,440
2009	2,747
Total Minimum Lease Payments	<u>\$ 11,839</u>

Note 4. Receivables

In 1994, McCreary County, in cooperation with Scott County, Tennessee, formed the Rural Enterprise Community known as Scott-McCreary Area Revitalization Team (SMART) for the purpose of increasing economic development in these two counties. As a part of this effort, SMART-approved low interest rate loans were made available to eligible businesses from Enterprise Community Program funds, which were passed through to the County from the U. S. Department of Health and Human Services. In order to account for the loan repayments, McCreary County established the SMART Works Fund. In 1998, the County was also awarded Rural Business Enterprise Grants (RBEG) for SMART-approved low interest rate loans to eligible businesses, which were passed through the U. S. Department of Agriculture. The County deposited the RBEG loan repayments and reflected the RBEG receivables in the SMART Works Fund. During fiscal year ended June 30, 2004, federal officials informed the County that RBEG loan repayments should be accounted for separately. In December 2003, the County established the RBEG Revolving Loan Fund and transferred appropriate funds related to the RBEG loans from the SMART Works Fund to the RBEG Revolving Loan Fund. The County may use the loan repayments of the SMART Works Fund and the RBEG Revolving Loan Fund in accordance with each federal program's guidelines. The balance of receivables due as of June 30, 2006 for each fund is as follows:

A. First Mortgage Revenue Bonds (Court Facilities Project), Series 1999A

On November 1, 1999, the McCreary County Courthouse and Public Square Corporation, Administrative Office of the Courts (AOC), and the county entered into a lease agreement for the purpose of constructing the Justice Center, which is attached to the courthouse and obtaining rental space for the AOC at the Justice Center. In November of 1999, the McCreary County Courthouse and Public Square Corporation issued First Mortgage Revenue Bonds in the amount of \$5,205,000 in order to construct the McCreary County Justice Center.

The McCreary County Courthouse and Public Square Corporation designated the County to act as its agent in order to plan, design, construct, manage, and maintain the Justice Center. The McCreary County Courthouse and Public Square Corporation expects annual rentals from the AOC for use of the Justice Center to be in the full amount of the annual principal and interest requirements of the bonds. Under terms of the lease, the AOC has agreed to pay directly to the paying agent bank the use allowances payments as provided in the lease. The lease agreement is renewable each year. The McCreary County Courthouse and Public Square Corporation is dependant upon the use of allowance payment in order to meet the debt service for the bonds.

The use allowance payment commences with occupancy of the Justice Center by the AOC. The AOC with the execution of the lease has expressed its intention to continue to pay the full use allowance payment in each successive biennial budget period until September 1, 2020, but the lease does not legally obligate the AOC to do so.

B. Long-Term Lease Participation Agreement

The Kentucky Local Correctional Facilities Authority (KLCFA), an independent corporate agency and instrumentality of the Commonwealth of Kentucky, issues revenue bonds for the purpose of construction and reconstruction of jail facilities. On October 15, 1984 McCreary county entered into a lease participation agreement and financial plan for jail construction costs with KLCFA, which was subsequently amended February 15, 1987, agreeing to pay KLCFA lease payments equal to \$316,534 principal plus a proportional share of interest on the KCLFA's Multi-County Correctional Refunding and Improvement Bonds, 1987 Series. On February 1, 1994, KLCFA issued its Multi-County Correctional Facilities Refunding Bonds, 1994 Series, refunding the 1987 Series.

On October 13, 2004, KLCFA issued Multi-County Correctional Facilities Revenue Refunding Bonds, Series 2004, refunding the 1994 Series. As of October 13, 2004, McCreary County's outstanding principal balance on its lease participation agreement with KLCFA for the County's share of the 1994 Series was \$182,172. McCreary County's proportionate share of the October 13, 2004 refunding resulted in an additional principal reduction of \$18,907 and interest savings of \$7,852.

The second amended lease participation agreement dated October 1, 2004 between KLCFA and McCreary County requires an annual principal payment to be made by October 1 and semi-annual interest payments to be made on October 1 and April 1. Interest rates range from 6.92% to 6.94%. As of June 30, 2006, the principal balance on the agreement for McCreary County's share of KLCFA's 2004 Series was \$151,408. Lease participation payments for the remaining years are as follows:

Note 8. Interest On Long-term Debt and Financing Obligations

Debt Service on the Statement of Activities includes \$67,271 in interest on financing obligations and \$233,966 in interest on bonds and notes.

Note 9. Contingent Liability

On March 7, 2003, the McCreary County Heritage Foundation, Inc., a nonprofit corporation, obtained a \$200,000 line of credit from the Bank of McCreary County. Borrowings under the line are collateralized by property owned by the Stearns Historical Area Development Authority (SHADA). SHADA leases the property securing the line of credit to the McCreary County Heritage Foundation, Inc. to operate it as a historic attraction. While the bank note is secured by SHADA's property, the McCreary County Heritage Foundation, Inc., receives the draws on the line of credit and is responsible for making the note payments. As of June 30, 2006, the McCreary County Heritage Foundation, Inc. is in compliance with the terms of the loan and the outstanding principal balance is \$44,812.

Note 10. Employee Retirement System

The fiscal court and the Solid Waste Management Board, a discretely presented component unit, have elected to participate in the County Employees Retirement System (CERS), pursuant to KRS 78.530 administered by the Board of Trustees of the Kentucky Retirement Systems. This is a cost-sharing, multiple-employer, defined benefit pension plan, which covers all eligible full-time employees and provides for retirement, disability, and death benefits to plan members. Benefit contributions and provisions are established by statute. Nonhazardous covered employees are required to contribute 5 percent of their salary to the plan. The county's contribution rate for nonhazardous employees was 10.98 percent.

Benefits fully vest on reaching five years of service for nonhazardous employees. Aspects of benefits for nonhazardous employees include retirement after 27 years of service or age 65.

Historical trend information showing the CERS' progress in accumulating sufficient assets to pay benefits when due is presented in the Kentucky Retirement Systems' annual financial report. This report may be obtained by writing the Kentucky Retirement Systems, 1260 Louisville Road, Frankfort, KY 40601-6124, or by telephone at (502) 564-4646.

Note 11. Insurance

For the fiscal year ended June 30, 2006, McCreary County was a member of the Kentucky Association of Counties' All Lines Fund (KALF). KALF is a self-insurance fund and was organized to obtain lower cost coverage for general liability, property damage, public officials' errors and omissions, public liability, and other damages. The basic nature of a self-insurance program is that of a collectively shared risk by its members. If losses incurred for covered claims exceed the resources contributed by the members, the members are responsible for payment of the excess losses.

Note 12. Subsequent Event

Sale of Property - On August 26, 2007, the McCreary County Fiscal Court sold property previously acquired from the McCreary County Board of Education to The Lord's Gym, Incorporated for \$50,000. The county had acquired the property on March 25, 2002 for \$200,000, paying \$100,000 down and executing a Purchase and Sales Agreement with the McCreary County Board of Education. Terms of the agreement called for the remaining balance of \$100,000 to be paid to the School Board by March 25, 2007. This debt was not paid in by the due date and on October 8, 2007, the McCreary County School Board forgave the \$100,000 debt owed and issued a release of the lien. We reviewed the minutes of the fiscal court meetings in order to obtain documentation that the fiscal court had approved the sale of the property and the agreed upon amount. The minutes showed that on November 21, 2006, the fiscal court voted to sell the property for the sum of \$100,000 with the School forgiving \$50,000 of the debt owed and the fiscal court forgiving \$50,000 the original down payment.

Note 13. Prior Period Adjustments

The prior year ending balance of net assets for discretely presented component units has been restated as follows:

	<u>Governmental Activities</u>
McCreary County Component Units, Net Assets - June 30, 2005	\$ 2,194,751
McCreary County Industrial Development Authority, Net Assets - June 30, 2005	<u>(598,708)</u>
Restated Net Asset Balance as of July 1, 2006	<u>\$ 1,596,043</u>

The beginning balance of total net assets for discretely presented component units has been restated for the prior year since the Industrial Development Authority is not being included in the current year report. The effect on the beginning net asset balance of discretely presented component units is a decrease of \$598,708.

MCCREARY COUNTY
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

June 30, 2006

1. Budgetary Information

Annual budgets are adopted on a cash basis of accounting and according to the laws of Kentucky as required by the State Local Finance Officer.

The County Judge/Executive is required to submit estimated receipts and proposed expenditures to the fiscal court by May 1 of each year. The budget is prepared by fund, function, and activity and is required to be adopted by the fiscal court by July 1.

The fiscal court may change the original budget by transferring appropriations at the activity level; however, the fiscal court may not increase the total budget without approval by the State Local Finance Officer. Expenditures may not exceed budgeted appropriations at the activity level.

The Honorable Blaine Phillips, McCreary County Judge/Executive
Members of the McCreary County Fiscal Court

Report On Internal Control Over Financial Reporting And
On Compliance And Other Matters Based On An Audit Of Financial Statements
Performed In Accordance With Government Auditing Standards

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented components units, each major fund, and the aggregate remaining fund information of McCreary County, Kentucky, as of and for the year ended June 30, 2006, which collectively comprise the County's basic financial statements, as listed in the table of contents and have issued our report thereon dated June 13, 2008. We issued an adverse opinion on the aggregate discretely presented component opinion unit because the financial statements of the McCreary County Industrial Development Authority, a discretely presented component unit, were not included in the financial statements. McCreary County presents its financial statements on the modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered McCreary County's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinions on the financial statements and not to provide an opinion on the internal control over financial reporting. However, we noted certain matters involving the internal control over financial reporting and its operation that we consider to be reportable conditions. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over financial reporting that, in our judgment, could adversely affect McCreary County's ability to record, process, summarize, and report financial data consistent with the assertions of management in the financial statements. Reportable conditions are described in the accompanying schedule of findings and questioned costs as items: 2006-09, 2006-10, 2006-11, 2006-12, 2006-13, 2006-14, 2006-15, 2006-16, 2006-17, 2006-18, and 2006-19.

A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions.

Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. However, of the reportable conditions described above, we consider the following findings to be material weaknesses: 2006-09, 2006-10, 2006-11, and 2006-12.

Report On Internal Control Over Financial Reporting
And On Compliance And Other Matters Based On An Audit Of Financial
Statements Performed In Accordance With Government Auditing Standards
(Continued)

Compliance And Other Matters

As part of obtaining reasonable assurance about whether McCreary County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing opinions on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such opinions. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under Government Auditing Standards and which are described in the accompanying schedule of findings and questioned costs. These findings are as follows: 2006-01, 2006-02, 2006-03, 2006-04, 2006-05, 2006-06, 2006-07, and 2006-08.

This report is intended solely for the information and use of management, the Department for Local Government, federal awarding agencies, and pass-through entities and is not intended to be and should not be used by anyone other than the specified parties.

Respectively Submitted,

The Honorable Blaine Phillips, McCreary County Judge/Executive
Members of the McCreary County Fiscal Court

Report On Compliance With Requirements
Applicable To Each Major Program And On Internal Control
Over Compliance In Accordance With OMB Circular A-133

Compliance

We have audited the compliance of McCreary County, Kentucky, with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to each of its major federal programs for the year ended June 30, 2006. McCreary County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of McCreary County's management. Our responsibility is to express an opinion on McCreary County's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about McCreary County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of McCreary County's compliance with those requirements.

In our opinion, McCreary County complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2006.

Internal Control Over Compliance

The management of McCreary County is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered McCreary County's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Report On Compliance With Requirements
Applicable To Each Major Program And On Internal Control
Over Compliance In Accordance With OMB Circular A-133
(Continued)

Internal Control Over Compliance (Continued)

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts, and grants caused by error or fraud that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operations that we consider to be material weaknesses.

This report is intended solely for the information and use of management, the Department for Local Government, federal awarding agencies, and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

3. Eight instances of noncompliance material to the financial statements of McCreary County were disclosed during the audit.
4. There were no reportable conditions relating to the audit of the major federal awards programs.
5. The auditor's report on compliance for the audit of the major federal awards programs for McCreary County expresses an unqualified opinion.
6. There were no audit findings relative to the major federal awards programs for McCreary County are reported in Part C of this schedule.
7. The programs tested as major programs were: U.S. Department of Agriculture - Empowerment Zones Program - CFDA #10.772 and the U.S. Department of Transportation - Public Lands Highway Program - CFDA #20.205.
8. The threshold for distinguishing Type A and B programs was \$300,000.
9. McCreary County was not determined to be a low-risk auditee.

B. FINDINGS - FINANCIAL STATEMENT AUDIT

STATE LAWS AND REGULATIONS

2006-01 The County Treasurer Should Prepare A Monthly Financial Statement

The County Treasurer was not preparing monthly financial statements and submitting them to the members of the Fiscal Court. KRS 68.360 (1) states, "The county treasurer shall balance his (her) books on the first day of each month, so as to show the correct amount on hand belonging to each fund on the day the balance is made, and shall within ten (10) days file with the county judge/executive and members of the fiscal court a monthly statement containing a list of warrants paid by him during the month, showing all cash receipts and the cash balance at the beginning and at the end of the month, and certifying that each warrant or contract is within the budget appropriation." We recommend the County Treasurer prepare a monthly financial statement and submit it to members of the Fiscal Court in an open court meeting.

Judge/Executive Blaine Phillips' Response: We will look into this matter and take necessary steps to comply.

**2006-02 The County Treasurer Should Properly Prepare Her County Settlement And Present It To
The Fiscal Court For Approval**

The County Treasurer did not prepare her annual settlement in accordance with KRS 424.220 nor did she present her annual settlement to fiscal court for approval as required by KRS 68.020 (5). We remind the County Treasurer, that KRS 424.220 requires her to “prepare an itemized, sworn statement of all funds collected received, held, or disbursed during the fiscal year.” The financial statement is required to show:

- “the total amount collected and received from each individual source”,
- “the total amount of funds disbursed to each individual payee and the purpose for which expended. The amount of salaries paid to all non-elected county employees shall be shown as lump sum expenditures by category such as road department, jails, solid waste, public safety, and administrative personnel.”

In addition, the financial statement must also have attached:

- “a certificate from the cashier or other proper officer from the banks in which the funds are or have been deposited during the past year, showing the balance, if any, of funds to the credit of the officer making the statement.”

We further remind the County Treasurer that KRS 68.020 (5) requires her to make a full and complete settlement with the fiscal court within 30 days of the close of the preceding year. We recommend that the County Treasurer fully comply with KRS 424.220 and KRS 68.020 (5) by properly preparing an annual settlement and presenting it to fiscal court for approval in the future.

Judge/Executive Blaine Phillips’ Response: No Response.

Treasurer Donna Ross’ Response: Will do this within the 30 day period + get approval by the Court

**2006-03 The County Should Review The Administrative Code Annually As Required By
KRS 68.005 (2)**

The Fiscal Court did not review the administrative code during the fiscal year as required by KRS 68.005 (2), which states that the fiscal court shall review the county administrative code annually during the month of June and may by a two-thirds majority of the fiscal court amend the county’s administrative code at that time. We recommend compliance with this statute in the future.

Judge/Executive Blaine Phillips’ Response: This was an oversight and will be corrected!

2006-04 Fuel Costs Should Be Reimbursed To The County's Road Fund

As summarized in the table below, fuel costs for other departments of the County and its discretely presented component units, as well as for the McCreary County Rescue Squad, which is not a part of the County's reporting entity, continued to be paid from the County's Road Fund.

In accordance with KRS 179.415 (2), expenditures of road fund monies shall be made solely for the purpose of construction, reconstruction, improvements, and maintenance of county roads and bridges; therefore, we recommend these fuel amounts paid from the Road Fund for other departments of the County, its discretely presented component units, and the McCreary County Rescue Squad be reimbursed to the County's Road Fund according to the following schedule.

	Amount Carried Over From Prior Years	Current Year Amount Due	Amount Reimbursed	Balance Due June 30, 2006

2006-05 The County Treasurer Did Not Prepare A Federal Monies Worksheet

The County Treasurer did not prepare the Schedule of Expenditures of Federal Awards for fiscal year ended June 30, 2006 in accordance with OMB Circular A-133. During fiscal year ended June 30, 2006, a single audit was required if federal expenditures equaled or exceeded \$500,000. OMB Circular A-133, Audits of States, Local Governments and Non-Profit Organizations, section 310(B) requires the auditee to prepare a schedule of expenditures of federal awards covered by the auditee's financial statements. At a minimum, the schedule should include the following, if applicable:

- List individual Federal programs by Federal Agency. For Federal programs included in a cluster of programs, list individual Federal programs within a cluster of programs. For Research & Development, total Federal awards expended shall be shown either by individual award or by Federal agency and major subdivision within the Federal agency. For Example, the National Institutes of Health is a major subdivision in the Department of Health and Human Services.
- For Federal awards received as a sub recipient, the name of the pass-through entity and identifying number assigned by the pass-through entity shall be included.
- Provide total Federal awards expended for each individual Federal program and the Catalogue of Federal Domestic Assistance (CFDA) number or other identifying number when the CFDA information is not available.
- Include notes that describe the significant accounting policies used in preparing the schedule.
- To the extent practical, pass-through entities should identify in the schedule the total amount provided to sub recipients from each Federal program.
- Include, in either the schedule or a note to the schedule, the value of the Federal awards expended in the form of non-cash assistance, the amount of insurance in effect during the year, and loans or loan guarantees outstanding at year-end. While not required, it is preferable to present this information in the schedule.

In the future, we recommend the County properly prepare the Schedule of Expenditures of Federal Awards and provide supporting documentation for amounts reported.

Judge/Executive Blaine Phillips' Response: No response.

Treasurer Donna Ross' Response: Will keep better information on the above.

2006-06 All Court-Ordered Fees Should Be Collected By The Circuit Court Clerk's Office

During the course of our audit, auditors became aware that the County Treasurer was collecting various court-ordered jail fees and depositing them into the County's Jail Fund. We were unable to determine the exact amount collected or the legal authority authorizing the collection of these fees. According to the Administrative Office of the Courts, all money that is ordered by a District Court judge should be processed through the Circuit Court Clerk's receipt system, and then paid to the County Treasurer by the Circuit Court Clerk. We recommend Fiscal Court consult with the County Attorney to determine legal authority for collection of these fees, and that all fees collected be accounted for through the Circuit Court Clerk's receipt system and paid to the County Treasurer by the Circuit Court Clerk.

Judge/Executive Blaine Phillips' Response: We will comply.

2006-07 The County Failed To Pay Retirement On Qualified Part-time Employees

Any county employee who averages one hundred (100) hours or more per month is required to participate in Kentucky's County Employees Retirement System (CERS) pursuant to KRS 61.565. A review of the non-full-time hourly employees identified eleven employees eligible but not in the retirement system. More specifically, one employee worked in the Road Department, four employees worked in the Detention Center, and seven of the employees worked in the Sheriff's Office.

The liability for unpaid contributions totals \$11,049, with \$7,574 representing the County's portion.

We recommend all part-time employees' average hours be checked monthly and require participation and coverage in the CERS as required. We further recommend that the proper authorities be contacted in order to correct this issue.

Judge/Executive Blaine Phillips' Response: We will make the correct adjustment with 1 road dept, 4 in detention center as listed. 7 in sheriff's dept are A.O.C. not county.

Auditor's Response: All employees that are paid through the county are the county responsibility to ensure that the employees are receiving the benefits they are entitled to by law.

2006-08 The County Should Maintain Complete And Accurate Capital Asset Schedules To Comply With GASB 34 Requirements And Inventory Capital Assets Periodically

The County did not have a completed capital asset schedule for fiscal year ending June 30, 2006. A list of capital asset additions and disposals were not properly maintained. A schedule of additions should be maintained as assets are purchased to simplify the process of updating the capital asset schedule. The schedule should include the date the asset is acquired, a description of the asset, the vendor name, and the amount. Invoices for asset acquisition and invoices for all other disbursements should be kept on file in a manner that allows retrieval of the original invoice for review and verification as needed by management and auditors. Further, we believe that the capital asset listing should be monitored and maintained on a regular basis. As new assets are acquired they should be added to the listing. As equipment is disposed of it should be removed from the listing. We recommend the County maintain complete and accurate capital assets schedules to comply with GASB 34 requirements.

Judge/Executive Blaine Phillips' Response: We are willing to take whatever steps needed.

REPORTABLE CONDITIONS/MATERIAL WEAKNESSES

2006-09 The County Should Pay Invoices Within Thirty Days

During our testing of debt service payments we noted 63 out of 79 invoices tested were paid late. We noted payments being made as much as three months late. Also, during the test of expenditures we noted a payment to a vendor in which invoices dated back to March 2005 and weren't paid until November 2005.

2006-09 The County Should Pay Invoices Within Thirty Days (Continued)

KRS 65.140 requires all bills for goods and services to be paid within thirty (30) working days of receipt of a vendor's invoice except when payment is delayed because the purchaser has made a written disapproval of improper performances or improper invoicing by the vendor. We recommend the County comply with KRS 65.140 by paying for all goods and services within thirty (30) working days.

Judge/Executive Blaine Phillips' Response: We will make an effort to correct this.

2006-10 Inter-fund Transfers Of \$953,245 Were Made Without Proper Authorization

A total of \$1,265,245 in inter-fund cash transfers were made during the fiscal year. Of this amount, only \$312,000 could be found approved in the Fiscal Court minutes, indicating the remaining \$953,245 of transfers were not properly authorized and approved by fiscal court. Additionally, of the \$312,000 of transfers that were approved, \$85,000 were approved after the transfer had been made. The remaining \$227,000 of approved transfers did not correspond with transfers that actually occurred.

We recommend all transfers between funds have prior Fiscal Court approval. We also recommend the amount to be transferred correspond with the actual approved amount and that transfers be performed timely and within a reasonable period of time after the fiscal court approval.

Judge/Executive Blaine Phillips' Response: No response.

Treasurer Donna Ross' Response: Transfers will be dealt with as above recommends

2006-11 The Duties Of The County Treasurer Should Not Be Delegated

During the course of our audit, it came to our attention that the County Treasurer has delegated significant duties to a non-county employee. This individual is not covered by bond and does not have any statutory authority to perform these duties. We recommend the County Judge/Executive and Fiscal Court take necessary immediate action to correct this matter to properly ensure that county financial transactions are processed in accordance with applicable statutes. This matter is being referred to the Department for Local Government (DLG) and the County Attorney for action as may be deemed necessary.

Judge/Executive Blaine Phillips' Response: We will look into this further and get opinions in the future.

2006-12 The County Should Improve Their Internal Control Procedures In Regards To Bank Statements And Reconciliations

The County has a lack of segregation of duties in regards to bank statements and reconciliations. Bank reconciliations are currently prepared by someone that is not employed by the county and is not bonded. We could find no evidence indicating the reconciliations were reviewed by the treasurer, nor by an employee independent of the cash receipt and disbursement process. We recommend the following procedures be implemented to strengthen the internal control weaknesses:

2006-12 The County Should Improve Their Internal Control Procedures In Regards To Bank Statements And Reconciliations (Continued)

- We recommend that the treasurer prepare bank reconciliations and ensure that the reconciliations agree to the financial reports.
- An independent person should open bank statements and review them for unusual items, such as debit memos, and overdraft charges. The person by initialing the bank statement can document this.
- An independent person should review the treasurer's bank reconciliations for accuracy. The person completing this review should initial the bank reconciliation to document that a review was performed.

We recommend the County implement these procedures. This will help segregate the duties of the County Treasurer as well as other employees.

Judge/Executive Blaine Phillips' Response: No response.

Treasurer Donna Ross' Response: An independent person – Deputy Judge does open + review bank statements. This was done during this time, but may not have initials.

Auditor's Response: Auditor did observe that Deputy Judge Executive has copies of the bank statements, there are no markings showing that these were actually reviewed, also, without checking the reconciliations for accuracy, a review of the bank statements can not be adequately performed.

REPORTABLE CONDITIONS

2006-13 The County Treasurer Should Accurately Apply Cut-Off Procedures To Cash Transfers

The treasurer failed to report a cash transfer of \$30,000 from the general fund to the jail fund that was dated July 1, 2005, instead it was included in the County Treasurer's FY 2005 financial statement. As a result, an adjustment for the improper cash transfer was made. KRS 68.020 (4) states the county treasurer "shall keep an accurate detailed account of all money received and disbursed by him (her) for the county, and shall keep books of accounts of the financial transactions of the county in the manner required by the uniform system of accounting prescribed by the state local finance officer." We recommend the county treasurer comply with KRS 68.020 (4) by accurately recording all receipts and disbursements and implementing proper cut-off procedures in the manner prescribed by the state local finance officer.

Judge/Executive Blaine Phillips' Response: We will comply with this.

2006-14 Occupational Tax Should Be Allocated In Accordance With Occupational License Fee Ordinance

In accordance with the Occupational License Fee Ordinance adopted by the Fiscal Court on April 13, 2004, occupational tax receipts are to be disbursed as follows after deducting the operational expenses of the Occupational Tax Administrator's Office:

B. FINDINGS - FINANCIAL STATEMENT AUDIT (Continued)

REPORTABLE CONDITIONS (Continued)

2006-14 Occupational Tax Should Be Allocated In Accordance With Occupational License Fee Ordinance (Continued)

General Fund - Administration	30%
General Fund - Ambulance Service	20%
General Fund - Parks	10%
General Fund - Senior Citizens/Youth	10%
General Fund - Economic Development	20%
Jail Fund - Jail Operations	10%

During the fiscal year, the appropriate amount of occupational tax receipts for administration and ambulance services was not transferred to the General Fund, \$51,527 in additional funds should have been transferred. In addition, the County transferred \$7,628 of occupational tax receipts to the Jail Fund, \$21,338 to the parks, and \$16,744 to senior citizens under the allocated percentages. Also, the economic development allocation was in excess of \$31,084.

Therefore, in order to more accurately reflect the reservation of the remaining balance of the Occupational Tax Fund in accordance with the ordinance and taking into consideration the cumulative effect from prior year, we recommend the County transfer the following amounts from the Occupational Tax Fund: \$35,306 to the General Fund, \$48 to the Jail Fund, \$80,665 to the Economic Development Fund, \$72,693 to Parks, and \$72,618 to Senior Citizens & Youth.

Judge/Executive Blaine Phillips' Response: The corrective steps will be taken.

2006-15 The County Filed Incorrect Payroll Tax Returns That Resulted In An Additional \$9,490 Of Taxes Being Due

During fiscal year ending June 30, 2006, the county failed to properly report \$62,028 on federal form 941's (payroll tax returns). This error creates a tax liability of \$9,490 due. We were unable to reconcile the difference between reported taxable wages and the payroll summaries. We recommend that each quarter be reconciled and that amended payroll tax returns be filed as needed.

Judge/Executive Blaine Phillips' Response: No response.

2006-16 The County Should Maintain Minimum Balance In Their Payroll Account

The County's reconciled balance in the payroll account as of June 30, 2006 was \$22,833. The payroll account is a revolving account and should not at any given time have more than a minimum balance after reconciling items are taken into consideration. Also, the treasurer did not properly reconcile the payroll account. As of June 30, 2006, the County Treasurer's reconciled payroll account bank balance was \$39,831. After auditors made adjustments, we determined the adjusted bank balance was \$22,833. In the future, we recommend the payroll account be properly reconciled to payroll records and any discrepancies (shortages or overages) in the balance be investigated until resolved. We further recommend the surplus balance of \$22,833 be transferred to the General Fund.

Judge/Executive Blaine Phillips' Response: We will instruct treasurer to do this.

2006-17 The McCreary County Solid Waste Management Board Should Implement Compensating Internal Controls

Due to the small size of the McCreary County Solid Waste Management Board, proper segregation of duties may not be possible, therefore we recommend the Solid Waste Management Board implement the following compensating or alternative internal controls:

As required by the By-Laws of the Solid Waste Management Board, an annual financial statement should be presented to the fiscal court each fiscal year for review. As an additional control, the Board's annual budget should be presented to the fiscal court for review.

Judge/Executive Blaine Phillips' Response: This will be corrected.

Solid Waste Management Board's Response: No response.

2006-18 The Airport Board Should Strengthen Internal Controls Over Expenditures

Airport Board checks were only signed by either the Board Chairman or the Board Treasurer and approval of those expenditures was not always recorded in the Board minutes. In order to strengthen internal controls in the area of expenditures, we recommend dual signatures on all checks. As an additional control, we recommend a listing of all expenditures and approval of payment of those expenditures be recorded in the minutes of the Board.

Judge/Executive Blaine Phillips' Response: We will advise them accordingly.

Airport Board Management's Response: No response.

2006-19 The Stearns Historical Area Development Authority Should Implement Compensating Internal Controls

Due to the small size of the Stearns Historical Area Development Authority (SHADA), a proper segregation of duties may not be possible; therefore, we recommend SHADA implement the following compensating or alternative internal controls:

Two SHADA members, preferably the Chairman and the Treasurer, should sign all checks.

As required by the ordinance and as an additional control, SHADA's Secretary/Treasurer shall execute an official bond to be set and approved by SHADA.

As required by the ordinance and as an additional control, SHADA's Secretary/Treasurer should transmit, at least once annually, a detailed report of all activities of SHADA to the Fiscal Court for their review.

Judge/Executive Blaine Phillips' Response: We will advise them accordingly.
